Our "official" golf year came to a temporary halt with our Closing Day lunch where there were cards and gifts and good wishes aplenty. Well done Gerald and James for making the meal such a winner.

Presentation night was also a great highlight—lots of work by the presenters sumptuous food, plenty of music and dancing. There were some wonderful and witty speeches from trophy winners.. Congratulations to our winners throughout the year and especially to our Club Champion, Nerida Francisco. Special thoughts, too, to Julie Outzen for a quick recovery from her surgery and to all our ladies who are not faring too well this festive season.

So, ladies, Happy Christmas and a Fabulous New Year of health and good golf.

Don't forget to turn!! For more power and distance from your shots you need to turn as much as possible. For those who can turn, adding a little resistance is the key, but most golfers have minimal turn and simply do not complete their backswing. Hands hips and shoulders need to be turning away from the ball, all together. Not sure how to do it? Want to start the New Year under par? See Steve or Les to book lessons for 2010.

The True Rules Of Golf - Part 2 of 4

- No matter how bad you are playing, it is always possible to play worse
- Never keep more than 300 separate thoughts in your mind during your swing.
